SUMMARY

A results-driven Full Stack Developer with 3 years of experience, adept at building and maintaining scalable web applications using the **MERN stack** (React, Node.js, Express, MongoDB). Proven ability to design and implement robust **RESTful APIs**, improve application performance, and collaborate effectively within development teams. Eager to leverage strong problem-solving skills and expertise in modern web technologies to contribute to innovative projects at TechNova Solutions.

SKILLS

JavaScript

Node.js

Express.js

React.js

MongoDB

REST APIs

Git & GitHub

EXPERIENCE

Software Developer | ABC Technologies

Jan 2023 - Present

- Designed and developed robust RESTful APIs using Node.js and Express, ensuring efficient data exchange.
- Optimized application performance by 30% through backend and database improvements, enhancing user experience.
- Collaborated closely with cross-functional teams, including designers and product managers, to deliver integrated web solutions.

PROJECTS

Job Portal Application

- Developed a comprehensive full-stack job portal application leveraging the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Implemented secure JWT authentication and role-based access control, enhancing system security and user management.

EDUCATION

Bachelor of Engineering in Computer Science

Gujarat Technological University

2022
